# MANAGEMENT REPORT

The Management of the Company hereby presents its management report for the financial year ended on 31 December 2025.

## General information

Vivion Investments S.à r.l., (the “**Company**” or “**Vivion**” and together with its consolidated subsidiaries the “**Group**”) hereby presents its audited consolidated financial statements for the year ended 31 December 2025.

The Company is a commercial real estate company, focusing on the ownership, management, improvement and selective acquisition and disposal of properties predominantly in the United Kingdom and Germany.

The Company was formed in Luxembourg on 19 October 2018 and was registered with the Luxembourg Register of Trade and Companies (Registre de Commerce et des Sociétés Luxembourg) on 26 October 2018 under number B228676. The Company has its registered address at 94 Rue du Grünwald, L-1912 Luxembourg.

As at 31 December 2025, the issued and fully paid share capital of the Company consists of 1,229,700 Class A shares of EUR 0.01 each with a nominal value of EUR 12,297 and 40,172 Class C shares of EUR 0.01 each with a nominal value of EUR 401.72.

## Important events in 2025 and future developments

- A. In February 2025, the Group signed amendments to two agreements of total EUR 33 million loans. In accordance with the amendments, the maturity date has been prolonged until September 2027 and the fixed interest rate was updated to 4.07%.
- B. On 18 August 2025, the Company issued 40,172 new Class C shares, each with a nominal value of EUR 0.01, to an institutional investor (the “**Investor**”) for a total consideration of EUR 50 million.
- C. In October 2025, the Group entered into a new secured loan agreement in the amount of EUR 65 million (the “**New loan**”) for the purpose of refinancing an existing loan. The New loan has a term of five years and bears interest at a rate of 4.37% per annum.
- D. On 8 December 2025, the Company issued new senior notes in the amount of EUR 505 million, due 8 June 2030, carrying a coupon of 5.625% per annum paid semi-annually, and perpetual notes (the “**Perpetual Notes**”) in the principal amount of EUR 252.5 million, carrying a coupon of 8.125% per annum until the first reset date on 8 June 2031. The proceeds were used to partially prepay the Senior Notes due 2028.
- E. On 1 February 2026, Mr. Lefteris Kassianos succeeded Ms. Ella Zuker, as Chief Financial Officer of the group.
- F. In March 2026, the Company announced a capital injection of EUR 60 million from its existing shareholders.
- G. In March 2026, the Group entered into a new secured loan agreement for the purpose of refinancing an existing loan of EUR 61.7 million. The loan carries a weighted average annual interest at a rate of 3-month EURIBOR plus 2.65%, per annum and matures on 31 March 2031.
- H. In March 2026, the Group entered into a new secured loan agreement of EUR 40 million. The loan bears interest at a rate of 3-month EURIBOR plus 1.80% per annum, with total interest cost capped at 4.50% per annum and matures on 31 March 2031.

### **Establishing the Board of Managers**

The table below lists the members of the Company's Board of Managers:

<b>Name of manager</b>	<b>Appointment</b>	<b>Type of mandate</b>	<b>End of current term</b>
Dan Irroni	17th February 2026	Class A Manager	Appointment for indefinite period of time
Ella Zuker *	1st June 2022	Class A Manager	Appointment for indefinite period of time
Jan Joachim Fischer	1st June 2022	Class A Manager	Appointment for indefinite period of time
Lefteris Kassianos	7th June 2023	Class A Manager	Appointment for indefinite period of time
Nicolle Stehouwer *	3rd March 2025	Class A Manager	Appointment for indefinite period of time
Paolo De Conti	17th February 2026	Class A Manager	Appointment for indefinite period of time
Sascha Hettrich	1st June 2022	Class A Manager	Appointment for indefinite period of time
Aharon Akiva Katz	1st June 2022	Class B Manager	Appointment for indefinite period of time
Jacob Aharon Frenkel	7th June 2023	Class C Manager	Appointment for indefinite period of time
Richard Byron Clark	7th June 2023	Class C Manager	Appointment for indefinite period of time

\* On 17 February 2026, Ella Zuker and Nicolle Stehouwer resigned from their position as members of the Board of Managers and were replaced by Dan Irroni and Paolo De Conti.

### **Appointment of auditor**

KPMG Audit S.à r.l., Luxembourg was appointed as the auditor of the Company for the financial year ended 31 December 2025.

### **Future developments**

The Group intends to further pursue its strategy of optimizing the management of its hotel and commercial property portfolio, as well as enhancing its capital structure and reducing its cost of debt.

The Group's primary objective is to generate stable rental income from long-term leases with high-quality tenants. The Group seeks to maximise revenue growth through proactive asset management and marketing initiatives.

The strategy is implemented through disciplined and active portfolio management, including continuous monitoring and optimisation of the Group's real estate assets. Through these measures, the Group aims to preserve and enhance the overall quality and profitability of its portfolio.

Potsdamer Straße, Berlin

## Review of the Group's business and financial position

In 2025, the Group's investment properties produced revenues of EUR 249 million, representing a decrease of 3.9% compared to 2024 revenues. This decrease was mainly attributable to temporary lower occupancy levels in Germany.

The Group's property operating expenses in 2025 amounted to EUR 32 million (2024: EUR 33 million), representing a decrease of 3%, mainly due to lower operating costs.

General and administrative expenses amounted to EUR 22 million in 2025 compared to EUR 29 million in 2024, representing a decrease of EUR 7 million, mainly driven by lower legal and professional fees, and management fees.

The Group recognized revaluation gains of EUR 20 million across the portfolio, driven by overall improved market conditions.

Interest expenses to third parties stands at EUR 160 million (2024: EUR 145 million). The increase was mainly driven by the bond tap, additional secured loans raised, and loans prolonged in the second half of 2024, which had a full-year impact for 2025. On an annualized basis, 2026 interest expenses to third parties are expected to decrease by approximately EUR 35 million as a result of the 2025 refinancing.

As at 31 December 2025, the Group's Investment property portfolio had a fair value of EUR 4,052 million (31 December 2024: EUR 4,127 million) excluding investment property classified as held for sale (a decrease of 1.8%) and a fair value of EUR 4,097 million (31 December 2024: EUR 4,149 million) including investment property classified as held for sale (a decrease of 1.3%). The Group's portfolio changes were largely driven by foreign exchange losses, partly offset by capital expenditures and revaluation gains.

As at 31 December 2025, the Group had secured loans from credit institutions and third parties in the amount of EUR 698 million (31 December 2024: EUR 725 million) and Senior bonds in the amount of EUR 1,210 million (as at 31 December 2024: EUR 1,473 million).

In 2025, and subsequent to the reporting date, the Group successfully refinanced and extended existing loans, secured new facilities, issued new bonds and prepaid existing bonds, whilst preserving its liquidity buffer and further extending its overall debt maturity profile.

The consolidated cash position amounts to EUR 349 million as at 31 December 2025 (31 December 2024: EUR 441 million), out of which EUR 239 million (31 December 2024: EUR 344 million) are held in Golden.

## Principal risks and uncertainties

The Group applies policies for overall risk management, and there are Group policies covering specific areas such as credit risk, liquidity risk, market risks, operational risks and more. A more detailed description of financial risk management is available in Note 26 to these consolidated financial statements.

## Environmental information

Environmental factors are integral to the Company's business and are included in the day-to-day business, investment strategy, due diligence process and part of the business plans. The Company continuously seeks opportunities to improve the sustainability performance of its real estate assets whilst reducing its overall carbon footprint and mitigating climate change risk factors. Environmental risk assessments are regularly conducted, that include all aspects of environmental management.

## Corporate Governance

As a private company, the Company is not subject to mandatory corporate governance regulations. However, in order to enhance the standards of corporate governance, the Company established a governance framework that is drawn up with due observance of the 'Ten Principles of Corporate Governance of the Luxembourg Stock Exchange'. Committees are constituted to examine and advise the Board of Managers on specific topics. For instance, an Advisory Board to enhance a standard of internal supervision of and advice to the Board of Managers. Furthermore, the Board of Managers has full discretion to establish the committees that it deems useful, appoint, and dismiss their members and to determine their organisation, responsibilities, powers and procedures in internal regulations adopted by way of a resolution. Committees have no powers to represent the Company towards third parties under the Articles of Association or by law. They provide non-binding expert advice and assistance to the Board of Managers.

The Board of Managers established an audit committee. The responsibilities of the audit committee relate to the integrity of the consolidated financial statements, including reporting to the Board of Managers on its activities and the adequacy of internal control systems over financial reporting process and of monitoring of the accounting process. The audit committee shall provide guidance to the Board of Managers about the audit of the annual consolidated financial statements.

## **REPORT OF THE REVISEUR D'ENTREPRISES AGREE**

### ***Report on the audit of the consolidated financial statements***

#### ***Opinion***

We have audited the consolidated financial statements of Vivion Investments S.à r.l. and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as adopted by the European Union.

#### ***Basis for opinion***

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (the "Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the « Responsibilities of "réviseur d'entreprises agréé" for the audit of the consolidated financial statements » section of our report. We are also independent of the Group in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the consolidated financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### ***Other information***

The Board of Managers is responsible for the other information. The other information comprises the information stated in the consolidated annual report including the management report but does not include the consolidated financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

### ***Responsibilities of the Board of Managers for the consolidated financial statements***

The Board of Managers is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS Accounting Standards as adopted by the European Union, and for such internal control as the Board of Managers determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Board of Managers is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Managers either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

### ***Responsibilities of the “réviseur d'entreprises agréé” for the audit of the consolidated financial statements***

The objectives of our audit are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the “réviseur d'entreprises agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Managers.

- Conclude on the appropriateness of the Board of Managers' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

#### ***Report on other legal and regulatory requirements***

The management report is consistent with the consolidated financial statements and has been prepared in accordance with applicable legal requirements.

Luxembourg, 27 April 2026

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## ► NOTE 1 – CORPORATE INFORMATION

### A. Reporting entity and relationship with Parent company

The consolidated financial statements of Vivion Investments S.à r.l. and its subsidiaries (collectively, the “**Group**”) for the year ended 31 December 2025 were authorized for issue by the Company’s Board of Managers on 27 April 2026 (the “**Report Approval Date**”).

Vivion Investments S.à r.l. (the “**Company**” or “**Vivion**”) was formed for an unlimited duration in Luxembourg on 19 October 2018 and was registered with the Luxembourg Register of Trade and Companies (Registre de Commerce et des Sociétés Luxembourg) on 26 October 2018 under number B228676. The Company has its registered address at 94 Rue du Grûnewald, L-1912 Luxembourg.

As at 31 December 2024, the issued and fully paid share capital of the Company consists of 12,297 ordinary shares of EUR 1 each with a nominal value of EUR 12,297.

On 18 August 2025, the Company converted all of its ordinary shares with a nominal value of EUR 1 each to Class A shares with nominal value of EUR 0.01 each. Subsequently, the issued and fully paid share capital of the Company was 1,229,700 Class A shares, with nominal value of EUR 0.01 each.

On 18 August 2025, the Company issued 40,172 new Class C shares, each with a nominal value of EUR 0.01, to an institutional investor (the “**Investor**”) for a total consideration of EUR 50 million. As at 31 December 2025, the issued and fully paid share capital of the Company consists of 1,229,700 Class A shares of EUR 0.01 each with a nominal value of EUR 12,297 and 40,172 Class C shares of EUR 0.01 each with a nominal value of EUR 401.72.

The Company is a direct subsidiary of Vivion Holdings S.à r.l. (“**Vivion Holdings**” or the “**Parent Company**”), a company incorporated in Luxembourg which held 87% of the Company’s shares as at 31 December 2025 (31 December 2024: 90%) with the remaining 13% held by non-controlling shareholders (2024: 10%).

Vivion is a commercial real estate group, focusing on the ownership, management, improvement and selective acquisition and disposal of properties predominantly in the United Kingdom and Germany.

As at 31 December 2025 Vivion indirectly held 51.5% (31 December 2024: 51.5%) of the share capital of Golden Capital Partners S.A. (“**Golden**”) and a 100% (31 December 2024: 100%) in Luxembourg Investment Company 210 S.à r.l. (“**LIC 210**”).

## B. Definitions

In these consolidated financial statements

- (1) The Company** – Vivion Investments S.à r.l.;
- (2) The Group** – The Company and its subsidiaries;
- (3) Subsidiaries** – Companies, the financial statements of which are fully consolidated, directly or indirectly, with the consolidated financial statements of the Company;
- (4) Parent** – Vivion Holdings S.à r.l.;
- (5) Investee companies** – Subsidiaries and companies, including a partnership or joint venture, the Company's investment in which is stated, directly or indirectly, on the equity basis;
- (6) Related party** – Within its meaning in IAS 24 (2009), "**Related Party Disclosures**";
- (7) Reporting Date** – 31 December 2025;
- (8) Reporting Period** – the period started on 1 January 2025 and ended on 31 December 2025.

Ella Mia, St Martins Lane Hotel, London

## ► NOTE 2 – BASIS OF PREPARATION

### A. Statement of compliance

These consolidated financial statements of the Group have been prepared in accordance with IFRS Accounting Standards (“IFRS”) as adopted by the European Union.

### B. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

- Investment properties measured at fair value;
- Financial instruments, derivatives and other assets and liabilities measured at fair value through profit or loss;
- Financial instruments measured at fair value through other comprehensive income;
- Investments in associates and joint ventures;
- Deferred tax assets and liabilities;
- Assets and liabilities classified as held for sale.

### C. Functional and presentation currency

The consolidated financial statements are presented in EUR, which is the Company’s functional currency, and have been rounded to the nearest thousands, except when otherwise indicated.

The EUR is the currency that represents the principal economic environment in which the Company operates.

### D. Use of judgements and estimates

The preparation of consolidated financial statements in conformity with IFRS as adopted by the European Union requires management to exercise judgment when making the assessments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Management of the Company prepares the estimates on the basis of past experience, various facts, external circumstances, and reasonable assumptions according to the pertinent circumstances of each estimate. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Notes are presented, to the extent practicable, in a systematic order and are cross-referenced to/from items in the primary statements. In determining a systematic manner of presentation, the Company considers the effect on the understandability and comparability of the consolidated financial statements. The Group has applied judgement in presenting related information together in a manner that it considers to be most relevant to an understanding of its financial performance and financial position.

### **Assumptions and estimation uncertainties**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### **Valuation of investment properties – Note 3.C**

In accordance with its policy, the Group periodically examines the values of its investment property. Such examination is performed at least once a year by independent external appraisers having appropriate professional qualifications and knowledge with respect to the relevant location and the type of property appraised.

At least once a year, the Group performs valuations for each property. In addition, at each reporting period the Group examines the need to update the last valuation performed, to ensure it represents a reliable value estimation as of the current reporting period. This examination is made by reviewing the changes in the macro-economic environment in terms of cap rates and market rent, leases' terms, updated information in respect of material transactions made in the same areas and any other information that may affect the value of the asset.

#### **Uncertain tax positions – Note 3.J**

Judgement is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognizes liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

#### **Fair value measurement of non-trading derivatives – Note 26.2.1**

Unobservable inputs used in the valuation model. For information on level 3 financial instruments carried at fair value see Note 26.2.1 regarding financial instruments.

#### **Assessment of expected credit losses – Note 26.3.1**

When testing financial assets measured at fair value through other comprehensive income and financial assets at amortized cost for impairment, the Group assesses whether the credit risk attributable to the financial asset has increased significantly since its initial recognition, and uses forward-looking information to measure expected credit losses. A possible effect is an increase or decrease in the amount of the loss allowance for expected credit loss of financial asset at amortized cost or at fair value through other comprehensive income.

#### **Property leases - estimating the incremental borrowing rate**

The Group cannot readily determine the interest rate implicit in leases where it is the lessee, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available.

### **Modification of financial liability terms**

The Group when performing the quantitative assessment (the 10% test), considered among others the early repayment option, additional provision of collateral and the significant extension of maturity. For the early repayment option, the outcome of the most likely scenario was used to determine the cash flows. For the additional provision of collateral, the interest rate used was 0.3% and for determining the extension of maturity, the Group considered relevant interest rate curves.

### **Measurement of fair values**

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of IFRS as adopted by the EU, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 6 – Investment property;
- Note 26 – Financial instruments.

## **E. Going concern**

The consolidated financial statements have been prepared on a going concern basis, as assessed by the management.

## ► NOTE 3 – SUMMARY OF MATERIAL ACCOUNTING POLICIES

The Group has consistently applied the following accounting policies to all periods presented in these consolidated financial statements, except if mentioned otherwise.

### **A. Basis of consolidation**

The consolidated financial statements consist of the financial statements of the Group as at 31 December 2025. The Company has control over several subsidiaries, including property companies predominantly located in Germany and U.K., as well as holding companies. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

When acquiring subsidiaries, the Group exercises discretion when examining whether the transaction constitutes the acquisition of a business or acquisition of an asset, for the purpose of determining the accounting treatment of the transaction. When examining whether a property company constitutes a business, the Group examines, inter alia, the nature of the process or processes in place in the property company, including the extent and nature of the management, security, cleaning and maintenance services that are provided to the tenants. Transactions in which the acquired company is not considered a business are accounted for as the acquisition of a group of assets and liabilities. In such transactions, the cost of acquisition, which includes transaction costs, is allocated proportionately to the acquired identifiable assets and liabilities, based on their proportionate fair value on the acquisition date. In this case, no goodwill is recognized and no deferred taxes are recognized in respect of the temporary differences existing on the acquisition date. If the transaction results in non-controlling interest ("NCI") recognition, it will be measured at the proportionate share in the recognized amounts of the acquiree's identifiable net assets.

### **B. Investments in equity-accounted investees**

#### ***Investments in equity-accounted investees***

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. A jointly controlled entity is an entity in which two or more parties are bound by a contractual arrangement which gives two or more of those parties joint control of the arrangement.

The results and assets and liabilities of associates and equity-accounted investees are incorporated in these consolidated financial statements, using the equity method of accounting. Under the equity method, an investment in an associate is initially recognized in the consolidated statement of financial position at cost and adjusted thereafter to recognize the Group's share of the consolidated income statement and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interest that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of an associate recognized at the date of acquisition is recognized as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets, liabilities, and contingent liabilities over the cost of acquisition, after reassessment, is recognized immediately in profit or loss.

The requirements of IAS 36 are applied to determine whether it is necessary to recognize any impairment loss with respect to the Group's investment in an associate. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IAS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount; any impairment loss recognized forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized in accordance with IAS 36 to the extent that the recoverable amount of the investment subsequently increases.

### **C. Investment property**

The Group invests, through the acquisition of subsidiaries that own real estate, primarily in commercial real estate held by it (as owner) for the purpose of generating rental income or for capital appreciation or both. When upon acquisition of a subsidiary, this subsidiary owns the investment property, but also earns income from operational activities, in which the Group's intention is to split these operations from the property ownership and install a third-party operator for the operations of the hotel. As the Group's involvement in these operations is expected to be short-term, the Group classifies the hotels as investment property.

Investment property is initially measured at cost including transaction costs. Transaction costs include expenditure that is directly attributable to the acquisition of the investment property.

Subsequent to initial recognition, investment property is measured at fair value, which reflects market conditions at the reporting date. Mainly, the valuation is carried out according to the Discounted Cash Flow ("DCF") method or Residual Value method (For more details see Note 6.B). Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the period in which they arise under 'Property revaluations and capital gains/(losses)'.

For the purposes of these consolidated financial statements, in order to avoid double counting, the fair value reported in the financial statements is reduced by the carrying amount of any accrued income resulting from the spreading of lease incentives and/or minimum lease payments.

Investment property is derecognized either when it has been disposed of or when it is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

### **D. Non-current assets and disposal groups held for sale**

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that its carrying amount will be recovered primarily through sale. For this to be the case, the assets must be available for immediate sale in its present condition, subject only to terms that are usual and customary for the sale of such assets. During the financial reporting periods, the Group has classified some of the investments properties as assets of disposal groups held for sale. For more details see Note 9.

## E. Foreign operation and foreign currency

The Group's consolidated financial statements are presented in EUR, which is also the Company's functional currency. As mentioned above, the Group has investments in subsidiaries that are foreign operations, so on consolidation, the assets and liabilities of foreign operations are translated into EUR at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at average exchange rates. The exchange differences arising on translation for consolidation are recognized in other comprehensive income ("OCI") and are presented in equity. The Group provides loans to a foreign operation, the settlement of which is neither planned nor likely in the foreseeable future. Therefore, any foreign exchange gains and losses arising from the loans, are considered to form part of a net investment in a foreign operation and are recognized in other comprehensive income and presented within equity as part of the OCI.

## F. Financial instruments

### *Non-derivative financial assets*

The Group possesses two main types of financial assets:

- 1. Cash and cash equivalents, Restricted cash and other deposits and Trade and other receivables also Loans and other long-term assets:** The cash flows from these financial assets are principal and interest only and the objective of the business model for these financial instruments is to collect the amounts due from them. Thus, the Group accounts for these financial assets under the amortized cost model. The Group recognizes a provision for expected credit losses ("ECL") for financial assets measured at amortized cost. The Group chose to measure the provision for expected credit losses for customers (rent receivables) in an amount equal to the expected credit losses with the simplified approach. The Group assesses the expected credit loss on an individual basis for major tenants and on collective basis for less significant tenants to determine the provision for predicted credit losses. Expected loss rates are based on the Group's experience and informed credit assessment, and it includes forward looking information. Expected credit losses of rent receivables are recognized under General and Administrative Expenses, and deducted from the gross carrying amount.
- 2. Financial assets:** These financial assets are held in a business model whose purpose is the sale of the financial assets. Therefore, these financial assets are measured at fair value through profit or loss.

In the statements of cash flows, interest received is presented as part of cash flows from investing activities. Interest paid is presented as part of cash flows from financing activities.

### *Non-derivative financial liabilities*

Non-derivative financial liabilities include, among others: credit from banking corporations and other third-party lenders, shareholders, non-controlling interests and liability for sale and leaseback. In addition, the Group has issued traded bonds to finance its operations. For more details regarding the Company's financial debt, see Notes 12, 13 and 14.

The Group's financial liabilities are initially recognized at fair value less any attributable transaction costs. After initial recognition, the financial liabilities are measured at amortized cost in accordance with the effective interest method. See Note 13.

### *Sale and leaseback*

The Group applies the requirements of IFRS 15 to determine whether an asset transfer is accounted for as a sale. If an asset transfer satisfies the requirements of IFRS 15 to be accounted for as a sale, the Group measures the right-of-use asset arising from the leaseback at the proportion of the previous carrying amount that relates to the right-of-use retained by the Group. Accordingly, the Group only recognizes the amount of gain or loss that relates to the rights transferred.

If the asset transfer does not satisfy the requirements of IFRS 15 to be accounted for as a sale, the transaction is accounted for as a financing transaction. Insofar as the Group is the seller-lessee of the asset, it continues to recognize the transferred asset and recognizes a financial liability in accordance with IFRS 9, at an amount equal to the transferred proceeds. Conversely, if the Group is the buyer-lessor of the asset, it recognizes a financial asset in accordance with IFRS 9 at an amount equal to the consideration transferred.

The liability for sale and leaseback is subsequently measured at amortized cost in accordance with the effective interest method.

### ***Derivative financial instruments***

The Group uses derivative financial instruments, such as interest rate swap derivatives, to hedge its interest rate risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any effect of remeasurement is recorded in the consolidated statement of profit or loss.

### ***Derecognition***

#### **Financial assets**

Financial asset is primarily de-recognized when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on the basis that reflects the rights and obligations that the Group has retained.

#### ***Financial liabilities***

Financial liabilities are derecognized when the contractual obligation of the Group expires, discharged or cancelled. Furthermore, a substantial modification of the terms of an existing financial liability, or an exchange between an existing borrower and existing lender of debt instruments with substantially different terms, are accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability at fair value.

The difference between the carrying amount of the extinguished financial liability and the consideration paid (including any non-cash assets transferred or assumed liabilities), is recognized in profit or loss. In the case of an immaterial change in terms (or exchange of debt instruments), the new cash flows are discounted at the original effective interest rate, with the difference between the present value of the financial liability with the new terms and the present value of the original financial liability being recognized in consolidated statement of profit or loss.

#### ***Offset of financial instruments***

Financial assets and liabilities are offset, and the net amount presented in the consolidated statement of financial position when, and only when, the Group currently has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

## G. Leases

### ***Leased assets and lease liabilities***

Contracts that award the Group control over the use of a leased asset for a period of time in exchange for consideration, are accounted for as leases. Upon initial recognition, the Group recognizes a liability at the present value of the balance of future lease payments (these payments do not include certain variable lease payments), and concurrently recognizes a right-of-use asset at the same amount of the lease liability, adjusted for any prepaid or accrued lease payments, plus initial direct costs incurred in respect of the lease.

Since the interest rate implicit in the Group's leases is not readily determinable, the incremental borrowing rate of the lessee is used. Subsequently to the initial recognition, the right-of-use assets are measured as part of the investment property.

The Group has elected to apply the practical expedient by which short-term leases of up to one year and/or leases in which the underlying asset has a low value, are accounted for such that lease payments are recognized in profit or loss on a straight-line basis, over the lease term, without recognizing an asset and/or liability in the statement of financial position.

### ***Reassessment of lease liability***

Upon the occurrence of a significant event or a significant change in circumstances that is under the control of the Group and had an effect on the decision whether it is reasonably certain that the Group will exercise an option, which was not included before in the lease term, or will not exercise an option, which was previously included in the lease term, the Group re-measures the lease liability according to the revised leased payments using a new discount rate. The change in the carrying amount of the liability is recognized against the right-of-use asset, or recognized in profit or loss if the carrying amount of the right-of-use asset was reduced to zero.

When a lease modification increases the scope of the lease by adding a right to use one or more underlying assets, and the consideration for the lease increased by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the contract's circumstances, the Group accounts for the modification as a separate lease.

In all other cases, on the initial date of the lease modification, the Group allocates the consideration in the modified contract to the contract components, determines the revised lease term and measures the lease liability by discounting the revised lease payments using a revised discount rate.

For lease modifications that decrease the scope of the lease, the Group recognizes a decrease in the carrying amount of the right-of-use asset in order to reflect the partial or full cancellation of the lease, and recognizes in profit or loss a profit (or loss) that equals the difference between the decrease in the right-of-use asset and re-measurement of the lease liability.

For other lease modifications, the Group re-measures the lease liability against the right-of-use asset.

### ***Incremental borrowing rate***

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

## H. Revenue recognition

The Group's revenues are generated from Rental income from lease agreements and from Services provided and recharged to the tenants. The Group identifies and separates these into lease and non-lease components and allocates the consideration in the agreement to the lease and non-lease components based on relative standalone selling price at the lease commencement date.

### *Rental income*

In the Group's leases, it does not substantially transfer all the risks and rewards incidental to ownership of the underlying asset to the tenant, and therefore they are classified as operating leases.

The lease term is the non-cancellable period of the lease together with any further term for which the tenant has the option to extend the lease, where, at the inception of the lease, the Group is reasonably certain that the tenant will exercise that option.

Rental income arising from operating leases, with lease incentives to the tenants, are accounted for on a straight-line basis over the term of the lease and is included in revenue in the consolidated statement of profit or loss due to its operating nature.

### *Revenue from services to tenants*

The non-lease components are ancillary services provided to tenants by the Group or by other. Parties acting on its behalf, and other charges billed to tenants, for which the Group is entitled to payments. These services are specified in the lease agreements and separately invoiced. The revenue from service charges is recognized over time as services are rendered.

The Group arranges for both third parties and related parties to provide certain services to the tenants. The Group is primarily responsible for fulfilling the promise to perform the specific services and controls the service before it is provided to the tenant. Hence, the Group is principal rather than agent in these contracts, and thus reports revenue on a gross basis.

## I. Property operating expenses

This item includes operating costs that can be recharged to the tenants and direct management costs of the properties. Maintenance expenses for the preservation of the property in its current condition, as well as expenditure for repairs are charged to the consolidated statement of profit or loss. Refurbishment that takes place subsequent to the property valuation, thus excluded in its additional value, will also be stated in this account, until the next property valuation.

## J. Taxation

Income tax comprises current and deferred tax.

The Group is subject to income and capital gains taxes in numerous jurisdictions. Significant judgement is required to determine the total liability for current and deferred taxes.

The Group recognizes liabilities for current taxes based on estimates of whether additional taxes will be due. Where the final outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income and deferred tax liabilities in the period in which the determination is made.

### **Current income tax**

Current income tax is the expected tax payable (or receivable) on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date in the countries where the Group operates and generates taxable income. Current taxes also include taxes in respect of prior years.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### **Deferred tax**

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences, when the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and differences relating to investments in subsidiaries and associates, to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future, either by way of selling the investment or by way of distributing dividends in respect of the investment.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. For investment property that is measured at fair value, there is a rebuttable presumption that the carrying amount of the investment property will be recovered through sale.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to offset current tax liabilities and assets, and the deferred taxes relate to the same taxable entity and the same taxation authority.

## ► NOTE 4 – CHANGES IN ACCOUNTING POLICIES

The Group has applied the following standards and amendments for the first time for the financial year beginning on 1 January 2025:

- Amendments to IAS 21: Lack of Exchangeability (issued in August 2023 and effective for annual periods beginning on or after 1 January 2025).

The above amendment had no material impact on the Group's consolidated financial statements.

## ► NOTE 5 – STANDARDS ISSUED BUT NOT YET EFFECTIVE

Certain new accounting standards and interpretations have been published that are not mandatory for reporting period commencing on or after 1 January 2025 and have not been early adopted by the Group:

- Amendments to IFRS 9 and IFRS 7: Classification and Measurement of Financial Instruments (effective date from annual reporting periods beginning on or after 1 January 2026 with earlier application being permitted);
- Amendments to IFRS 18: Presentation and Disclosure in Financial Statements. IFRS 18 will replace IAS 1 Presentation of Financial Statements and applies for annual reporting periods beginning on or after 1 January 2027 with earlier application being permitted.

The new accounting standard introduces the following key new requirements.

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities' net profit will not change.
- Management-defined performance measures (**MPMs**) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

The Group is still in the process of assessing the impact of the new accounting standard, particularly with respect to the structure of the Group's statement of profit or loss, the statement of cash flows and the additional disclosures required for MPMs. The Group is also assessing the impact on how information is grouped in the financial statements, including for items currently labelled as 'other'.

These new standards, amendments and interpretations have been endorsed by the European Union, except if otherwise indicated. The Group is examining the effects of the new accounting standards and interpretations on the Group's consolidated financial statements with no plans for early adoption.

## ► NOTE 6 – INVESTMENT PROPERTY

## B. Measurement of fair value

Investment properties are measured at their fair value, which has been determined based on valuations performed by external independent appraisers with recognized professional expertise and vast experience as to the location and category of the property being valued, based on market conditions prevailing as of the Reporting date, by reference to properties with similar condition and location, as well as by using valuations techniques such as DCF Method, in accordance with the Royal Institution of Chartered Surveyors (the "Red Book") and with International Valuation Standards (IVS), as set out by the International Valuation Standards Committee (IVSC).

Under the DCF method the forecasted future income and costs of the property over a 10 year period are discounted to the date of valuation, by using discounts rates which are suitable in the view of the appraisers and Group management to the specific property location and category, specific characteristics and inherent risk as well as the prevailing market conditions as at the reporting date, and an exit value at the end of the detailed cash flow period. The income mainly comprises expected rental income (current in-place rent, market rents as well as their development) net of estimated operating expenses, taking vacancy and lease-up assumptions into account, as well as an estimation of anticipated capital expenditure.

Where applicable, the appraisers use the residual value method through capitalizing the future market value of the property once it is developed, less estimated cost to complete. The rental levels are set at the current market levels capitalized at the net yield which reflects the risks inherent in the net cash flows.

For certain properties which are not yet in operational status (land or development) the external appraisers performed the valuations using the comparable method.

### Fair value hierarchy

The Group's investment property has been categorized as Level 3 Fair Value (as described in Note 26.2.1) based on the input to the valuation technique used and was determined considering the highest and best use measurement approach according to IFRS 13.

### Key parameters used in the valuation

As at 31 December 2025 investment properties have been valued using the DCF method and the residual value approach. The key assumptions and parameters used to determine the fair value of the investment properties under the DCF method are further presented below<sup>1</sup>:

Valuation technique	Significant unobservable inputs	2025 Weighted Average	2024 Weighted Average
<b>UK portfolio</b>			
DCF Method	Discount rate	8.19%	8.50%
	Terminal cap rate	6.16%	6.53%
<b>German portfolio<sup>1</sup></b>			
DCF Method	Value per square meter	EUR 2,937	EUR 2,888
	Market rent per square meter	EUR 13.82	EUR 13.64
	Discount rate	6.39%	6.14%
	Terminal cap rate	4.88%	4.80%

<sup>1</sup> Excluding non-material properties in other EU jurisdictions.

### Sensitivity analysis

The main value drivers influenced by the market for commercial properties are the market rents and their movement, rent increases, the vacancy rate and interest rates. Significant increases (decreases) in market rent and rent increases in isolation would result in a significantly higher (lower) fair value of the properties. Significant increases (decreases) in vacancy rates and discount rate (and exit yield) in isolation would result in a significantly lower (higher) value.

The effect of possible fluctuations in these parameters is shown separately for each parameter in the following table. Interactions between the parameters are possible but cannot be quantified due to the complexity of the interrelationships.

Valuation parameter	Change in Parameter	Change in value 2025		Change in value 2024	
		EUR thousands	%	EUR thousands	%
<b>UK portfolio</b>					
Discount rate	(0.25%)	35,641	1.79%	36,663	1.78%
Capitalization rate	(0.25%)	46,298	2.33%	44,984	2.18%
<b>German portfolio</b>					
Discount rate	(0.25%)	31,560	1.97%	28,180	1.79%
Capitalization rate	(0.25%)	59,920	3.75%	62,830	4.27%

Table excludes held for sale assets, land plots and non-material properties in other EU jurisdictions.

Assuming all other variables remain constant, an opposite change in the parameters at the same percentage would have a similar impact on the value, although in the opposite direction.

## ► NOTE 7 – INVESTMENTS IN AND LOANS TO EQUITY-ACCOUNTED INVESTEEES

The reconciliation of investments in and loans to equity-accounted investees is as follows:

	2025	2024
	EUR thousands	
<b>As at 1 January</b>	<b>54,295</b>	<b>58,271</b>
Additions and accrued interest	2,023	11,915
Disposals and repayments	(3,881)	(31,892)
Share in gain from investment in equity-accounted investees	1,327	14,716
Foreign currency effect	(2,940)	1,285
<b>At 31 December</b>	<b>50,824</b>	<b>54,295</b>

The balance as at 31 December 2025 reflects joint-venture investments, and includes investment in equity of EUR 40 million and Loans granted in the amount of EUR 11 million (including accrued interest).

## ► NOTE 8 – LOANS AND OTHER LONG-TERM ASSETS

	31 December 2025	31 December 2024
	EUR thousands	
Loans related to real estate transactions (1)	82,307	63,150
Other long-term assets	39,737	25,928
<b>Total</b>	<b>122,044</b>	<b>89,077</b>

Including EUR 7,739 thousand to related parties, see Note 25.

(1) In October 2025, the Group granted a loan to non-controlling interests in the amount of EUR 21 million. The loan bears annual interest of 15% and shall be repaid in one amount after 18 months. The loan is secured by the NCI's portion of its holding in jointly held subsidiary (the "**Subsidiary**", where the NCI's portion is 46%).

## ► NOTE 9 – ASSETS CLASSIFIED AS HELD FOR SALE

The Company expects to sell non-core properties being held by subsidiaries of the Group within the next 12 months. The Group has initiated selling activities and is in negotiations with potential buyers. As at 31 December 2025, investment properties in the amount of EUR 44.8 million (2024: EUR 22 million) are classified as assets held for sale.

During the Reporting period, the Group classified properties with value of EUR 33.5 million as assets held for sale, as management estimates that the sale will materialize within 12 months from the Reporting date.

In April 2025 the Group disposed of an asset located in Portugal for a consideration price of EUR 10.5 million.

## ► NOTE 10 – TRADE AND OTHER RECEIVABLES

	31 December 2025	31 December 2024
	EUR thousands	
Rent and service charge receivables	21,225	15,202
<i>Less: loss allowance for expected credit losses</i>	(11,417)	(7,928)
	<b>9,808</b>	<b>7,274</b>
Receivables from related parties (Note 25)	39,814	51,849
VAT refundable	10,812	9,444
Other receivables	16,688	15,954
<b>Total</b>	<b>77,122</b>	<b>84,521</b>

Rent and service charge receivables are non-interest bearing and are typically due within 30 days.

Refer to Note 26.3.1 Financial Instruments for further detail on credit risk.

St Martins Lane, London

## ► NOTE 11 – TOTAL EQUITY

### A. Equity attributable to the owners of the Company

#### *Share capital and share premium*

As at 31 December 2024, the issued and fully paid share capital of the Company consists of 12,297 ordinary shares of EUR 1 each with a nominal value of EUR 12,297.

On 18 August 2025, the Company converted all of its ordinary shares with a nominal value of EUR 1 each to Class A shares with nominal value of EUR 0.01 each. Subsequently, the issued and fully paid share capital of the Company was 1,229,700 Class A shares, with nominal value of EUR 0.01 each.

On 18 August 2025, the Company issued 40,172 new Class C shares, each with a nominal value of EUR 0.01, to an institutional investor for a total consideration of EUR 50 million. As at the date of this report, the Investor holds 3.048% stake in the Company. The issued Class C shares include contractual terms that are fully within the control of the Company and, accordingly, are classified as equity.

As at 31 December 2025, the issued and fully paid share capital of the Company consists of 1,229,700 Class A shares of EUR 0.01 each with a nominal value of EUR 12,297 and 40,172 Class C shares of EUR 0.01 each with a nominal value of EUR 401.72.

The movement of the share premium reserve is as follows:

Share premium reserve	2025	2024
	EUR thousands	
As at 1 January	141,900	153,986
New issued class C shares	48,734	-
Capital reduction	-	(12,086)
Settlement of derivative financial liability	1,555	-
<b>At 31 December</b>	<b>192,189</b>	<b>141,900</b>

### B. Perpetual Notes

On 8 December 2025 the Company issued perpetual notes (the “**Perpetual Notes**”) in principal amount of EUR 252.5 million, carrying a coupon of 8.125% per annum until the first reset date on 8 June 2031.

The Perpetual Notes are accounted for as equity instrument. The Company may, at its sole discretion, elect to defer the coupon payments on the Perpetual Notes. The deferred amounts shall not be compounded.

Any unpaid coupon amounts shall be paid by the Company upon the occurrence of specified events. In addition, the Company may, at its sole discretion, elect to redeem the principal of the Perpetual Notes. If the Company resolves not to redeem, the annual coupon rate shall be updated.

The Notes include issuer call options features permitting discretionary cash redemption. The Group views the whole instrument as equity and therefore has concluded that such features would not be bifurcated.

The proceeds from the Perpetual Notes were used to partially prepay the Company’s bonds. See Note 13.1.

## C. Non-controlling interests

The Group investments in Germany are done by Golden which is held indirectly 51.5% by the Company. As at 31 December 2025, Golden investment properties are EUR 1,773 million and total comprehensive loss of EUR 13 million was allocated to the non-controlling shareholders of Golden.

The non-controlling interest mainly comprises third-party institutional investors holding a 48.5% in the Company's subsidiary Golden.

Below is additional financial information related to Golden:

Consolidated statement of financial position	31 December 2025	31 December 2024
	EUR thousands	
Total assets	2,197,895	2,232,907
Total liabilities*	1,690,976	1,698,988
Total equity attributable to owners of the Company	416,129	443,609
Total equity	506,919	533,919
Total liabilities and equity	2,197,895	2,232,907

Consolidated statements of profit or loss and other comprehensive income	31 December 2025	31 December 2024
	EUR thousands	
Revenues	84,975	95,966
Operating profit	32,796	85,687
Paid-in-kind interest on loans from shareholders	(53,045)	(47,447)
Profit (loss) for the year	(27,000)	18,394
Total comprehensive profit (loss) for the year	(27,000)	11,811

\*Out of which EUR 1,122 million of loans from shareholders. These loans are unsecured and subordinated to the other Group's debt to third parties (see Notes 14(2) and (4)).

\*\* Loan has interest rate swap derivatives on the 3M-Euribor, for the fair value of the Cap/Swap rates Derivatives (see Note 26.2.1).

\*\*\*Loan prolonged in March 2026, see Note 27.2.

- (1) As part of the bank loans received by the Group, the Group companies have undertaken to maintain certain financial ratios, inter alia, LTV ratios, debt service coverage ratio, interest coverage ratios, NOI Debt Yield and loan to annual rent ratio. As at 31 December 2025, the Group is fully compliant with all the covenant requirements.
- (2) To secure bank loans and borrowings, the Group pledged properties with total fair value as at the reporting date of EUR 1,992 million (2024: EUR 1,974.9 million).
- (3) In February 2025, the Group signed amendments to two agreements of total EUR 33 million loans. In accordance with the amendments, the maturity date has been prolonged until September 2027 and the fixed interest rate was updated to 4.07%.
- (4) In October 2025, the Group entered into a new secured loan agreement in the amount of EUR 65 million for the purpose of refinancing an existing loan. The New loan has a term of five years and bears interest at a rate of 4.37% per annum.

## ► NOTE 13 – SENIOR BONDS

The below overview summarizes the outstanding Senior Bonds per the reporting date:

Senior Bonds	Currency	Nominal amount (in thousands)	Coupon rate (p.a., %)	Issue price (%)	Issuance-maturity	31 December 2025	31 December 2024
						Carrying amount EUR thousands	
Bond III (2)	EUR	121,461	6.50%*	100,00	08/2023 - 08/2028	119,374	863,707
Bond IV	EUR	575,759	6.50%*	100,00	08/2023 - 02/2029	598,659	609,097
Bond V (1)	EUR	505,000	5.625%	99,02	12/2025 - 06/2030	491,964	-
<b>Total Senior Bonds</b>						<b>1,209,997</b>	<b>1,472,804</b>
<b>Total accrued interest on Senior Bonds</b>						<b>16,881</b>	<b>27,073</b>

\* Excluding Paid-in-kind interest

(1) On 8 December 2025 the Company issued New Senior Notes ("**Bond V**") in the amount of EUR 505 million due 8 June 2030, carrying a 5.625% coupon paid semi-annually. The Company used the proceeds from Bond V and the Perpetual Notes to partially prepay Bond III.

(2) In September and October 2025, the Company performed a buy-back of its own issued Senior bonds in a nominal amount of EUR 16.6 million.

(3) The Company pledged shares of certain subsidiaries as security for the Senior bonds.

(4) The Company's Senior bonds are listed and traded on the Euronext stock exchange.

(5) As at 31 December 2025, the Group is fully compliant with all covenant requirements.

## ► NOTE 14 – LOANS FROM SHAREHOLDERS AND NON-CONTROLLING INTERESTS

	31 December 2025	31 December 2024
	EUR thousands	
Loans and accrued interest from Shareholders (1) (4)	970,559	960,151
Loans from non-controlling interests – Golden (2) (3) (4)	566,664	562,519
<b>Total</b>	<b>1,537,223</b>	<b>1,522,670</b>

(1) The loans bear an annual interest rate of 5.15%-5.50%, payable in the 10th anniversary year (2032). In addition, the Company at its sole discretion, has the right to prepay the loan at any time subject to 3 days' notice, or to extend the loan term by an additional five years. The Company may, occasionally at its sole discretion, subject to 7 days' notice, convert the loan into its own Ordinary shares.

(2) As part of the share subscription agreements with non-controlling shareholders in Golden, which hold 48.5% of Golden shares, the non-controlling interest shareholders provided loans to Golden (the "**Golden Investors' Loans**"). As at 31 December 2025 the Golden Investors' loans had a principal value of EUR 471 million and bear 5.25% annual interest rate, payable in the 10th anniversary year (2028-2030). In addition, Golden at its sole discretion, has the right to prepay the Golden Investors' Loans at any time subject to 3 days' notice, or to extend the Golden Investors' Loans term by an additional five years. It was also agreed that Golden may, occasionally at its sole discretion, subject to 7 days' notice, convert the Golden Investors' Loans into its own ordinary shares according to a conversion price which reflects Golden's share capital value based on an external valuation report as at the date of conversion. The Shareholder loan provided from Vivion to Golden holds the same terms and conditions as the Golden Investors' Loans.

(3) Any prepayment or conversion of the Golden Investors' Loans may be executed only on a pro rata basis according to each shareholder stake in Golden.

(4) Loans from Shareholders and non-controlling interests are unsecured and subordinated to other debt to third parties.

## ► NOTE 15 – RECONCILIATION OF MOVEMENT OF LIABILITIES TO CASH FLOW ARISING FROM FINANCING ACTIVITIES

The tables below detail the reconciliation of the Group's liabilities from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows, or future cash flows, will be classified in the Group's consolidated statement of cash flows from financing activities.

	Secured loans and borrowings	Senior Bonds	Loans from Shareholders	Loans from non-controlling interests
	EUR thousands			
<b>Balance as at 1 January 2025</b>	<b>725,116</b>	<b>1,472,804</b>	<b>960,151</b>	<b>562,519</b>
Additions	65,000	491,816 <sup>1</sup>	-	2,645
Repayments	(84,341)	(768,287) <sup>2</sup>	-	(29,516)
Buy-back of bonds	-	(16,627)	-	-

Other charges	6,010	(240)	3,829	774	5,835
<b>Balance as at 31 December 2024</b>	<b>725,116</b>	<b>-</b>	<b>1,472,804</b>	<b>960,151</b>	<b>562,519</b>

<sup>1</sup> Excluding EUR 61,498 thousand paid out of restricted cash and paid transaction costs of EUR 9,766 thousand during the period.

<sup>2</sup> Excluding EUR 5,077 thousand related to accrued interest.

<sup>3</sup> Excluding EUR 4,938 thousand related to advance payment on interest received and paid transaction costs of EUR 7,603 thousand during the period.

## ► NOTE 16 – TRADE AND OTHER PAYABLES

	31 December 2025	31 December 2024
	EUR thousands	
Trade payables	18,074	16,781
Transaction cost accruals*	15,259	16,394
Payables to related parties (Note 25)	1,810	6,381
VAT payables	1,311	1,999
Other payables	4,143	9,401
<b>Total</b>	<b>40,597</b>	<b>50,956</b>

\* For both reporting dates includes EUR 15,240 thousand RETT payable in respect of an acquisition in 2022. The outstanding balance has been repaid in January 2026.

## ► NOTE 17 – OTHER SHORT-TERM LIABILITIES

	31 December 2025	31 December 2024
	EUR thousands	
Accrued interest on secured bank loans and senior bonds	18,731	29,361
Deferred income	11,787	13,503
<b>Total</b>	<b>30,518</b>	<b>42,864</b>

## ► NOTE 18 – LEASES, CONTINGENT LIABILITIES AND COMMITMENTS

### A. Leases

#### I. Long-term lease liabilities

Long-term lease liabilities include the Group's future financial obligations due to its land leases in accordance with IFRS 16:

	2025	2024
	EUR thousands	
<b>As at 1 January</b>	<b>90,680</b>	<b>87,150</b>
Interest expense on land lease	5,175	5,238
Payments	(5,745)	(5,564)
Foreign exchange effect	(4,163)	3,856
<b>Balance as at 31 December</b>	<b>85,947</b>	<b>90,680</b>

#### II. Leases as a lessor

The Group has entered into long-term rent agreements as a lessor of its investment properties. The future minimum rental income under non-cancelable operating leases is as follows\*:

	31 December 2025	31 December 2024
	EUR thousands	
Less than one year	219,539	211,659
One to two years	218,513	220,330
Two to three years	210,787	219,160
Three to four years	203,591	212,246
Four to five years	196,723	207,127
More than five years	886,448	1,087,757
<b>Total</b>	<b>1,935,601</b>	<b>2,158,279</b>

\* Excluding properties classified as held for sale.

## B. Contingent liabilities and commitments

1. The Group is exposed to various legal claims arising from the ordinary course of business which are individually and in aggregate considered not material.
2. For pledges over Investment properties, see Note 12.2.
3. For pledges due to Senior bonds, see Note 13.1.

## ► NOTE 19 – REVENUES

### A. Rental income

	For the year end 31 December	
	2025	2024
	EUR thousands	
Rental income	220,981	230,445

### B. Contracts with customers

	For the year end 31 December	
	2025	2024
	EUR thousands	
Service charge income	27,605	28,465

For further information regarding reportable segments, see Note 24 Operating Segments.

## ► NOTE 20 – PROPERTY OPERATING EXPENSES

	For the year end 31 December	
	2025	2024
	EUR thousands	
Service charge expenses	24,316	23,250
Other property operating expenses*	7,343	10,090
<b>Total</b>	<b>31,659</b>	<b>33,340</b>

\* Including Property management fees to related parties (see Note 25).

For further information regarding reportable segments, see Note 24 Operating Segments.

## ► NOTE 21 – GENERAL AND ADMINISTRATIVE EXPENSES

	For the year end 31 December	
	2025	2024
	EUR thousands	
Legal and professional fees*	11,274	13,463
Expected credit losses on rent and other receivables	4,010	4,110
Asset management fees*	3,464	5,520
Audit fees	1,963	2,146
Other general and administrative expenses	881	3,282
<b>Total</b>	<b>21,592</b>	<b>28,521</b>

\* Including asset management fees to related parties (see Note 25)

The following table shows the breakdown of audit, audit-related, tax and other services rendered by KPMG audit firm network and by other audit firms:

	For the year ended 31 December			
	2025		2024	
	KPMG Network	Other audit firms	KPMG Network	Other audit firms
	EUR thousands			
Audit fees	1,718	245	1,741	405
Tax and other services	13	9	13	-
<b>Total</b>	<b>1,731</b>	<b>254</b>	<b>1,754</b>	<b>405</b>

## ► NOTE 22 – FINANCE EXPENSES

	For the year ended 31 December	
	2025	2024
	EUR thousands	
Interest expense on secured loans and borrowings	39,404	48,610
Interest expense on senior bonds	120,686	96,669
<b>Total interest expense to third parties</b>	<b>160,090</b>	<b>145,279</b>
Interest income from third parties	(12,275)	(17,628)
<b>Total net interest expense to third parties</b>	<b>147,815</b>	<b>127,651</b>
Paid-in-kind interest expense on loans from shareholders <sup>1</sup>	39,670	40,027
Paid-in-kind interest expense on loans from Non-Controlling Interest <sup>1</sup>	30,341	29,677
<i>Less: borrowing cost capitalization</i>	(3,385)	(4,097)
<b>Total net interest expense</b>	<b>214,441</b>	<b>193,258</b>

Lease financing expenses per IFRS 16	6,754	6,770
Amortization of finance fees	651	716
Other	16,284	26,782
<b>Other finance expense</b>	<b>23,689</b>	<b>34,268</b>
Change in short-term financial instruments and derivatives	13,045	(9,482)

<sup>1</sup> The interest expenses on the loans from shareholders and on the Non-Controlling interest loans are only payable in the 10th anniversary year of the loan (see Note 14).

Karl-Liebknecht-Straße, Berlin

## ► NOTE 23 – INCOME TAX

The main tax laws imposed on the Group companies in their countries of residence are:

### **(1) United Kingdom**

The UK subsidiaries are subject to taxation under the laws of the United Kingdom. The corporation tax rate for UK companies in 2025 is 25%.

### **(2) Germany**

The German subsidiaries are subject to taxation under the laws of Germany. Income taxes are calculated using a federal corporate tax of 15% for 31 December 2025, plus an annual solidarity surcharge of 5.5% on the amount of federal corporate taxes payable (aggregate tax rate: 15.825%).

On 11 July 2025, the German Federal Council (Bundesrat) approved legislation reducing the statutory corporate income tax rate from 15 % to 10 %, to be phased in over 2028–2032 (a 1 percentage point reduction per year). The solidarity surcharge of 5.5 % on the corporate income tax remains applicable. Accordingly, the effective federal corporate income tax rate will decrease from 15.825 % to 10.55 % when fully implemented.

In accordance with IAS 12 Income Taxes, deferred tax assets and liabilities are measured using the tax rates expected to apply when the related temporary differences reverse. The Group has remeasured its deferred tax positions to reflect the enacted rate change as of 11 July 2025. The impact on the consolidated income tax expense is approximately EUR 13 million.

### **(3) Luxembourg**

The Company and part of its subsidiaries are subject to taxation under the laws of Luxembourg. The effective corporation tax rate applicable in 2025 for Luxembourgish companies is 23.87%.

### **(4) Cyprus**

The Cypriot subsidiaries are subject to taxation under the laws of Cyprus. The corporation tax rate for Cypriot companies is 12.5%. Under certain conditions interest income of the Cyprus companies may be subject to defense contribution at the rate of 30%. In such cases this interest will be exempt from corporation tax. In certain cases, dividends received from abroad may be subject to defense contribution at the rate of 17%.

## Composition of income tax expense (income)

The major components of income tax expense recorded in the profit or loss statement are:

	For the year ended 31 December	
	2025	2024
	EUR thousands	
<b>Current tax expense</b>		
Current year	7,469	20,442
Adjustments for prior years, net	(6,114)	(5,672)
	<b>1,355</b>	<b>14,770</b>
<b>Deferred tax income</b>		
Origination and reversal of temporary differences	(10,853)	34,143
<b>Income tax reported in the consolidated statement of profit or loss</b>	<b>(9,498)</b>	<b>48,913</b>

Reconciliation of tax expense and the accounting profit multiplied by Luxembourg's tax rate is as follows:

	For the year ended 31 December	
	2025	2024
	EUR thousands	
Statutory income tax rate	23.87%	24.94%
Profit (loss) before taxes	(38,311)	118,276
<b>Tax expense (income) using the Company's domestic tax rate</b>	<b>(9,145)</b>	<b>29,498</b>
Effect of tax rates in foreign jurisdictions	1,502	(5,393)
Effect of tax rate change	(12,716)	-
Deferred tax assets not recognized for tax losses and other timing differences	7,932	19,191
Other differences, net	2,929	5,617
<b>Income tax reported in the consolidated statement of profit or loss</b>	<b>(9,498)</b>	<b>48,913</b>

The deferred income tax liability is reflected in the consolidated statement of financial position as follows:

	31 December 2025	31 December 2024
	EUR thousands	
Deferred tax liabilities	229,373	250,287
<b>Total deferred tax liability</b>	<b>229,373</b>	<b>250,287</b>

The deferred tax liability arises from the following components:

	2025	2024
	EUR thousands	
<b>As at 1 January</b>	<b>250,287</b>	<b>206,520</b>
Revaluations of investment property to fair value	960	33,819
Impact due to changed deferred tax rate	(12,716)	-
Foreign exchange differences	(10,090)	8,095
Fair value of Derivatives	(97)	(1,531)
Deferred tax liabilities reclassified to liabilities to disposal group held for sale	-	1,017
Other	1,029	2,367
<b>As at 31 December</b>	<b>229,373</b>	<b>250,287</b>

Potsdamer Strasse, Berlin

## ► NOTE 24 – OPERATING SEGMENTS

The Group has two reportable segments - as described below, which form the Group's strategic business units. The allocation of resources and evaluation of performance are managed separately for each business unit because they have different asset classes and different geographies, hence exposed to different risks and required yields.

For each of the business units, the Group's chief operating decision maker ("CODM") reviews management reports on at least a quarterly basis for:

- Properties located in Germany,
- Properties located in the United Kingdom.

The CODM is the Group's Chief Executive Officer.

The accounting policies of the operating segments are the same as described in Note 3 regarding material accounting policies. Performance is measured based on segment operating profit as included in reports that are regularly reviewed by the CODM. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the segments' results. Segment results reported to the CODM including items directly attributable to a segment on a reasonable basis. Financial expenses, financial income and taxes on income are managed on a group basis and, therefore, were not allocated to the different segment activities. Segment assets comprise mainly investment property, cash and equivalents and operating receivables whereas segment liabilities comprise mainly borrowings and operating payables.

Information regarding the results of each reportable segment is provided below:

	United Kingdom	Germany*	Total Consolidated
		EUR thousands	
<b>For the year ended 31 December 2025</b>			
Revenues	159,882	88,704	<b>248,586</b>
Property revaluations and capital gains	18,143	(1,941)	<b>16,202</b>
Property operating expenses	(3,399)	(28,260)	<b>(31,659)</b>
General and administrative expenses	(580)	(10,560)	<b>(11,140)</b>
<b>Reportable segment operating profit</b>	<b>174,046</b>	<b>47,943</b>	<b>221,989</b>
Share in profit from investment in equity-accounted investees			<b>1,327</b>
Corporate general and administration expenses			<b>(10,452)</b>
Net finance expenses			<b>(251,175)</b>
<b>Loss before tax</b>			<b>(38,311)</b>

	United Kingdom	Germany* EUR thousands	Total Consolidated
<b>For the year ended 31 December 2024</b>			
Revenues	159,600	99,310	<b>258,910</b>
Property revaluations and capital losses	91,558	32,997	<b>124,555</b>
Property operating expenses	(3,141)	(30,199)	<b>(33,340)</b>
General and administrative expenses	(1,366)	(12,322)	<b>(13,688)</b>
<b>Reportable segment operating profit</b>	<b>246,651</b>	<b>89,786</b>	<b>336,437</b>
Share in profit from investment in equity-accounted investees			<b>14,716</b>
Corporate general and administration expenses			<b>(14,833)</b>
Net finance expenses			<b>(218,044)</b>
<b>Profit before tax</b>			<b>118,276</b>

\* The operating segments table for Germany contains non-material properties in other EU jurisdictions.

Saint Martin's Lane, London

## ► NOTE 25 – RELATED PARTY DISCLOSURES

The immediate Parent of the Company is disclosed in Note 1.

The Group's investments in significant subsidiaries are listed in the following table:

Subsidiary <i>Subsidiaries held directly and indirectly by the Company</i>	Country of incorporation	Principal activities	31 December	
			2025	2024
			<b>% equity interest</b>	
Lux Investment Company 210 S.à r.l.	Luxembourg	Financing	100.0%	100.0%
Ribbon HoldCo Limited	United Kingdom	Holdings	100.0%	100.0%
UK Investment Company 211 Mezz HoldCo Limited	United Kingdom	Holdings	100.0%	100.0%
Zinc Hotels HoldCo Limited	United Kingdom	Holdings	100.0%	100.0%
Vivion Capital Partners S.A.	Luxembourg	Financing	100.0%	100.0%
Golden Capital Partners S.A.	Luxembourg	Holdings	51.5%	51.5%

The following balances with related parties are included in the consolidated financial statements:

	31 December 2025	31 December 2024
	EUR thousands	
<b>Consolidated statement of financial position</b>		
Rent and other receivables from related parties	62,069	72,204
Loans to equity-accounted investee	10,980	12,838
Payables to related parties	(1,810)	(6,381)
Loans from Shareholders	(871,874)	(862,577)
Loans and other long-term assets	7,739	6,767
Loans from non-controlling interests	(7,400)	(6,353)

	For the year ended 31 December	
	2025	2024
	EUR thousands	
<b>Consolidated statement of profit or loss</b>		
Rental and service charges income (2) (3)	133,598	135,088
Interest income	2,355	2,931
Services and management fee charges (1)	(14,210)	(16,971)
Paid-in-kind interest on loans from Shareholders	(34,175)	(34,291)

(1) The Group is engaged with affiliated companies to the beneficial owner of the Company for providing services to the Group companies. These services include General Management, Asset Management, Property Management, Project Management and Facility Management, which are being charged for as a percentage of the rental income and/or Gross operating profit of the respective property company.

(2) A portion of Vivion’s UK hotel assets are leased to related operating companies.

(3) Includes tenant incentives recognized on a straight line basis.

**Staff and Emoluments**

As at the reporting date and throughout the year, the Group did not have any staff employed by the Group.

**Director’s fees**

In 2025, the Group paid Director’s fees of approximately EUR 413 thousand (2024: EUR 409 thousand).

## ► NOTE 26 – FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Group's principal financial liabilities are loans, bonds and borrowings. The main purpose of these loans, bonds and borrowings is to finance the acquisition of its property portfolio. The Group has rent and other receivables, trade and other payables and cash and cash equivalents that arise directly from its operations.

### 26.1 Composition of financial instruments

Below is an overview of the financial assets and liabilities, held by the Group as at 31 December 2025 and 31 December 2024:

#### *Financial assets*

	31 December 2025	31 December 2024
	EUR thousands	
<b>Financial assets at amortized cost</b>		
Cash and cash equivalents	349,343	441,043
Trade and other receivables	77,122	84,521
Restricted bank and other deposits	35,861	24,015
Loans to equity-accounted investees	10,980	12,838
Loans and other long-term assets	122,044	89,077
<b>Financial assets at fair value</b>		
Financial assets at fair value through profit or loss*	49,511	65,931
<b>Total</b>	<b>644,861</b>	<b>717,425</b>

\*Including Derivatives.

## Financial liabilities

	31 December 2025	31 December 2024
	EUR thousands	
<b>Financial liabilities at amortized cost</b>		
Senior Bonds	1,209,997	1,472,804
Secured Loans and borrowings (incl. current portion)	697,798	725,116
Long-term lease liabilities	85,947	90,680
Liability for sale and leaseback	69,276	72,939
Other short-term liabilities	30,518	42,864
Trade and other payables	40,597	50,956
Tenant deposits	2,915	5,216
<b>Financial liabilities at fair value through profit or loss</b>		
Derivative financial liabilities	-	1,604
<b>Subtotal</b>	<b>2,137,048</b>	<b>2,462,179</b>
Loans from Shareholders	970,559	960,151
Loans from non-controlling interests	566,664	562,519
<b>Total</b>	<b>3,674,271</b>	<b>3,984,849</b>

## 26.2.1 Fair value measurement hierarchy

The following table shows the fair value measurement hierarchy of the Group's assets and liabilities which are presented at fair value as at 31 December 2025 and 31 December 2024 under the relevant fair value hierarchy:

	31 December 2025				
	Carrying amount	Total fair value	Fair value measurement using EUR thousands		
Level 1			Level 2	Level 3	
<b>Financial assets</b>					
Financial assets at fair value through profit or loss	42,585	42,585	5,627	-	36,958
Derivative financial instruments	6,926	6,926	-	6,926	-
<b>Total</b>	<b>49,511</b>	<b>49,511</b>	<b>5,627</b>	<b>6,926</b>	<b>36,958</b>

\* Variable interest rate bank loans are hedged with interest cap rate and interest swap rate derivatives with a fair value of EUR 6.9 million as at 31 December 2025.

	31 December 2024				
	Carrying amount	Total fair value	Fair value measurement using EUR thousands		
Level 1			Level 2	Level 3	
<b>Financial assets</b>					
Financial assets at fair value through profit or loss	48,490	48,490	17,481	-	31,009
Derivative financial instruments	17,441	17,441	-	17,441*	-
<b>Total</b>	<b>65,931</b>	<b>65,931</b>	<b>17,481</b>	<b>17,441</b>	<b>31,009</b>
<b>Financial liabilities</b>					
Derivative financial liabilities	1,604	1,604	-	-	1,604
<b>Total</b>	<b>1,604</b>	<b>1,604</b>	<b>-</b>	<b>-</b>	<b>1,604</b>

\* Variable interest rate bank loans are hedged with interest cap rate and interest swap rate derivatives with a fair value of EUR 17.4 million as at 31 December 2024.

**Level 1:** the fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period.

**Level 2:** the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value a financial instrument are observable, the instrument is included in level 2.

**Level 3:** if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There have been no transfers between Level 1, Level 2 and Level 3 during 2025 and 2024.

## 26.2.2 Financial assets and liabilities at amortized cost

The carrying amounts of certain financial assets and liabilities, including cash and cash equivalents, trade and other receivables, restricted bank and other deposits, loans to equity-accounted investees, loans and other long-term assets, long-term lease liabilities, liability for sale and leaseback, other short-term liabilities, trade and other payables and tenant deposits, approximate to their fair value. The main part of loans and borrowings bear variable interest rate, and thus approximate their fair value.

The following table represents the fair value of financial liabilities for disclosure purposes:

	31 December 2025		31 December 2024	
	Carrying amount	Fair value	Carrying amount	Fair value
	EUR thousands			
Senior Bonds <sup>1,2</sup>	1,209,997	1,168,166	1,472,804	1,417,415
Loans from Shareholders	970,559	983,827	960,151	813,900
Loans from non-controlling interests	541,202	561,890	514,118	525,519
<b>Total</b>	<b>2,721,758</b>	<b>2,713,883</b>	<b>2,947,073</b>	<b>2,756,834</b>

<sup>1</sup> The fair value of the Senior Bonds is based on price quotations at the reporting date (Level 1).

<sup>2</sup> The Senior Bonds include capitalized issuance costs of EUR 9.9 million (2024: EUR 7.4 million).

## 26.3 Risk Management

The Group is exposed to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk;
- Interest rate risk;
- Currency risk.

This note presents quantitative and qualitative information about the Group's exposure to each of the above risks, and the Group's objectives, policies and processes for measuring and managing risk.

The Board of Managers has overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

### 26.3.1 Credit risk

Credit risk is the risk of financial loss to the Group if a tenant or counter party to a financial instrument fails to meet its contractual obligations and arises mainly from the group's receivables from tenants. The Group has no significant concentration of credit risk.

#### **Receivables**

The Group had established a policy regarding credit risk for tenants to ensure that lease contracts are made with tenants who have an appropriate credit history. The policy is managed by the asset managers subject to control procedures relating to customer credit risk management. Monitoring of the outstanding customer receivables is conducted on a continuous basis considering the aging profile of its receivables. Credit risk is further managed by requiring tenants to pay rentals in advance. At each reporting date, an analysis is performed to assess the allowance to expected credit loss on an individual basis for major tenants. The factors taken into consideration in assessing the allowance are inter alia the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. The amount of ECLs may be subject to changes in macro-economic environment. The Group's historical credit loss experience and expectation of economic condition may also not be representative of customers' actual default in the future.

#### **Cash and cash equivalents**

The Group holds cash and cash equivalents with banks and financial institutions with a strong credit rating.

Impairment on cash and cash equivalents has been measured on a 12-month expected loss basis and reflects the short maturities of the exposures. During the year no impairment has been recognized on cash and cash equivalents. The Group considers that its cash and cash equivalents have low credit risk based on the credit ratings of the counterparties.

#### **Derivatives**

The counterparties of the derivatives held by the Group are financial institutions rated Aa2 to A3 by Moody's.

#### **Exposure to credit risk**

The maximum exposure to credit risk for rent and other receivables at the reporting date by geographic regions was as follows:

Exposure to credit risk	31 December 2025	31 December 2024
	EUR thousands	
Euro-zone countries	81,390	82,665
United Kingdom	41,852	51,981
<b>Total</b>	<b>123,242</b>	<b>134,646</b>

### Assessment of expected credit losses

As at 31 December 2025, the breakdown of rent receivables is set out below:

	Gross carrying amount	Loss allowance	Net balance
		EUR thousands	
Past due 0-30 days	1,754	(188)	1,566
Past due 31-120 days	1,502	(51)	1,451
Past due 120 days to one year	4,563	(857)	3,706
Past due more than one year	13,406	(10,321)	3,085
<b>Total</b>	<b>21,225</b>	<b>(11,417)</b>	<b>9,808</b>

As at 31 December 2024, the breakdown of rent receivables is set out below:

	Gross carrying amount	Loss allowance	Net balance
		EUR thousands	
Past due 0-30 days	981	(139)	842
Past due 31-120 days	1,235	(234)	1,001
Past due 120 days to one year	1,891	(1,207)	684
Past due more than one year	11,095	(6,348)	4,747
<b>Total</b>	<b>15,202</b>	<b>(7,928)</b>	<b>7,274</b>

The fair value of the receivables approximates the net carrying amount.

The Group assesses the expected credit loss on an individual basis for major tenants, per each aging group and had determined that the net balance as at 31 December 2025 approximates their fair value.

## 26.3.2 Liquidity risk

Cash flow forecasts are determined on both an individual company basis and a consolidated basis. The Company examines current forecasts of its liquidity requirements to ensure that there is sufficient cash for its operating needs, and it is careful at all times to have enough unused credit facilities so that the Company does not exceed its credit limits. These forecasts take into consideration matters such as ad-hoc use of additional debt and/or equity for financing its activity, as well as compliance with legal requirements.

The following are the contractual maturities of financial liabilities at undiscounted amounts and based on the future rates forecasted at the reporting date, including estimated interest payments.

	2025 Carrying amount	Contractual cash flows including interest				
		Total	2026	2027	2028	> 2029
EUR thousands						
<b>As at 31 December 2025</b>						
Secured Loans and borrowings	697,798	<b>802,165</b>	229,473	103,871	62,079	406,742
Senior Bonds	1,209,997	<b>1,540,439</b>	73,724	74,721	200,873	1,191,121
Long-term lease liabilities	85,947	<b>276,104</b>	5,757	5,757	5,771	258,819
Liability for sale and leaseback	69,276	<b>303,716</b>	1,559	1,559	1,559	299,039
Tenant deposits	2,915	<b>2,915</b>	568	392	100	1,855
Trade and other payables	40,597	<b>40,597</b>	40,597	-	-	-
<b>Subtotal</b>	<b>2,106,530</b>	<b>2,965,936</b>	<b>351,678</b>	<b>186,300</b>	<b>270,382</b>	<b>2,157,576</b>
Loans from Shareholders	970,559	<b>1,220,379</b>	-	-	-	1,220,379
Loans from non-controlling interests	566,664	<b>668,929</b>	-	23,009	-	645,920
<b>Total</b>	<b>3,643,753</b>	<b>4,855,244</b>	<b>351,678</b>	<b>209,309</b>	<b>270,382</b>	<b>4,023,875</b>

	2024 Carrying amount	Contractual cash flows including interest				
		Total	2025	2026	2027	> 2028
EUR thousands						
<b>As at 31 December 2024</b>						
Secured Loans and borrowings	725,116	<b>860,247</b>	202,401	167,393	78,584	411,869
Senior Bonds	1,472,804	<b>2,077,740</b>	90,373	96,785	98,564	1,792,018
Long-term lease liabilities	90,680	<b>292,625</b>	5,990	5,990	5,990	274,655
Liability for sale and leaseback	72,939	<b>310,525</b>	1,585	1,585	1,585	305,770
Tenant deposits	5,216	<b>5,216</b>	725	452	332	3,707
Trade and other payables	50,956	<b>50,956</b>	50,956	-	-	-
<b>Subtotal</b>	<b>2,417,711</b>	<b>3,597,309</b>	<b>352,030</b>	<b>272,205</b>	<b>185,055</b>	<b>2,788,019</b>
Loans from Shareholders	960,151	<b>1,257,394</b>	-	-	-	1,257,394
Loans from non-controlling interests	562,519	<b>699,751</b>	-	-	-	699,751
<b>Total</b>	<b>3,940,381</b>	<b>5,554,454</b>	<b>352,030</b>	<b>272,205</b>	<b>185,055</b>	<b>4,745,164</b>

As disclosed in Note 12 regarding secured loans and borrowings, the Group has secured bank loans which contain financial covenants. The breach of a financial covenant may require the Group to repay part of the loans earlier than indicated in the above table.

The actual interest payments on variable interest rate loans may be different from the amounts in the above table.

Except for these financial liabilities, it is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

### 26.3.3 Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's variable-rate long-term debt instruments. The Group manages its interest rate risk by hedging long-term debt with floating rate using swap and cap contracts.

As at 31 December 2025, after taking into account the effect of hedging, the interest profile of the Group's long-term debt (Secured loans and borrowings and Senior bonds) was as follows:

	31 December 2025	31 December 2024
	EUR thousands	
Fixed rate - Secured Bonds	1,209,997	1,472,804
Fixed rate - Secured Loans and borrowings	69,101	71,837
Variable rate - Hedged	607,875	631,498
Variable rate - Unhedged	20,822	21,781
<b>Total</b>	<b>1,907,795</b>	<b>2,197,920</b>

The analysis below describes reasonably possible movements in interest rates with all other variables held constant, showing the impact on profit before tax and pre-tax equity. It should be noted that the impact of movement in the variables is not necessarily linear.

The impact on the Group's annual finance expenses would be as follows:

	31 December 2025		31 December 2024	
	EUR thousands			
	+ 15 bps	- 15 bps	+ 15 bps	- 15 bps
3M SONIA	225	(225)	19	(19)
3M Euribor	77	(77)	-	-

All Euribor loans have interest rate caps or swaps to hedge the Euribor interest exposure. Derivatives are not accounted for through hedge accounting.

#### ***Fair value sensitivity analysis for fixed rate instruments***

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives (interest rate swaps) as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss with respect to changes in fair value measurement.

### 26.3.4 Currency risk

The Group functional currency is the Euro. The Group has net investments in foreign operations whose functional currency is the GBP and is therefore exposed to currency risk due to the fluctuations of the currency exchange rates in translation of financial statements of the foreign operations from GBP to EUR.

Interest on borrowings is denominated in the currency of the borrowing. Generally, according to the Group's policy loan borrowings are obtained in currencies that match the cash flows generated by the respective underlying operations of the Group, primarily GBP and EUR. This provides an economic hedge without derivatives being entered into and without application of hedge accounting.

The Company continuously monitors its foreign currency exposure both from a fair value and cash flow perspective. To the extent there is no natural hedging, the Group ensures that its net exposure is kept to an acceptable level by keeping these foreign assets or liabilities to minimum levels.

The Group's exposure to linkage and foreign currency risk was as follows:

	31 December 2025			31 December 2024		
	GBP	Other	Total	GBP	Other	Total
	EUR thousands					
<b>Financial assets</b>						
<b>Current assets:</b>						
Trade and other receivables	41,852	546	<b>42,398</b>	51,981	524	<b>52,505</b>
Cash and cash equivalents	41,085	1,144	<b>42,229</b>	41,936	870	<b>42,806</b>
<b>Non-current assets:</b>						
Derivatives	1	-	<b>1</b>	715	-	<b>715</b>
Restricted bank and other deposits	8,874	7,647	<b>16,521</b>	9,240	9	<b>9,249</b>
<b>Financial liabilities</b>						
<b>Current liabilities:</b>						
Trade and other payables	(3,269)	(129)	<b>(3,398)</b>	(5,107)	(158)	<b>(5,265)</b>
Other short term liabilities	(9,502)	6	<b>(9,496)</b>	(8,728)	(53)	<b>(8,781)</b>
Current portion of loans from credit institutions	(4,760)	(476)	<b>(5,236)</b>	-	(443)	<b>(443)</b>
<b>Non-current liabilities:</b>						
Secured Loans and borrowings	(210,323)	(3,650)	<b>(213,973)</b>	(224,570)	(4,153)	<b>(228,723)</b>
Tenancy Deposits	(84)	(81)	<b>(165)</b>	(25)	(116)	<b>(141)</b>
Finance lease liability	(79,168)	-	<b>(79,168)</b>	(83,885)	-	<b>(83,885)</b>
Liability for sale and lease-back	(69,276)	-	<b>(69,276)</b>	(72,939)	-	<b>(72,939)</b>
<b>Total net exposure in statement of financial position in respect of financial assets and financial liabilities*</b>	<b>(284,570)</b>	<b>5,007</b>	<b>(279,563)</b>	<b>(291,382)</b>	<b>(3,520)</b>	<b>(294,902)</b>

\* The net exposure excludes loans from shareholders in GBP as those are subordinated and convertible at the company's sole discretion (for further information see Note 14)

### Sensitivity analysis

A 5% strengthening (weakening) of the GBP against the Euro at 31 December would affect the measurement of financial instruments denominated in foreign currency and affect the equity by the amounts shown below. This analysis assumes that all other variables, in particular interest rates remain constant.

	31 December 2025			31 December 2024		
	EUR	Change in GBP rate	Effect on other comprehensive income	EUR	Change in GBP rate	Effect on other comprehensive income
Total net exposure in statement of financial position in respect of financial assets and financial liabilities	(284,570)	+5%	<b>(14,229)</b>	(291,382)	+5%	<b>(14,569)</b>

### 26.3.5 Cash and cash equivalents

	31 December 2025	31 December 2024
	EUR thousands	
EUR	307,114	398,237
GBP	41,085	41,936
Other	1,144	870
<b>Total</b>	<b>349,343</b>	<b>441,043</b>

### 26.3.6 Capital management

The Group manages its capital in order to ensure it is able to continue as a going concern with preservation of liquidity. Management continuously monitors performance indicators, such as Loan to Value ratio ("LTV"), which is calculated on both entity and portfolio levels, where applicable, which enables the Group to remain within its quantitative covenants originating from bank financing, other debt financing instruments and to support its credit rating. The Company is committed to optimizing its capital structure in order to reduce the overall cost of capital, to balance the Company's cash flow profile and to maximize operational efficiency. In order to achieve this, the Company regularly access both debt and equity. During the reporting period, the Group complied with all financial covenants and other related requirements.

### 26.3.7 Other risks

The Group's portfolio is located in major cities and strong markets throughout Germany and the United Kingdom. The current regional distribution structure enables the Group on the one hand to benefit from economic scale, and on the other to provide a diverse, well allocated and risk-averse portfolio.

## ► NOTE 27 – SUBSEQUENT EVENTS

1. In March 2026, the Company announced a capital injection of EUR 60 million from its existing shareholders.
2. In March 2026, the Group entered into a new secured loan agreement for the purpose of refinancing an existing loan of EUR 61.7 million. The loan carries a weighted average annual interest at a rate of 3-month EURIBOR plus 2.65%, per annum and matures on 31 March 2031. See Note 12.
3. In March 2026, the Group entered into a new secured loan agreement of EUR 40 million. The loan bears interest at a rate of 3-month EURIBOR plus 1.80% per annum, with total interest cost capped at 4.50% per annum and matures on 31 March 2031.
